About Me

Tiheli Tiheli Moses
Architectural Assistant
Date of Birth: 13.03.1993
Nationality: Mosotho

I am an architecture student based in Mantova, Italy, with a Bachelor of Architectural Studies from the University of Cape Town and an MSc in Architectural Design & History from Politecnico di Milano. My education has focused on designing socially responsive environments and sustainable, heritage-conscious architecture, with an emphasis on integrating new designs within historical contexts.

(Lesotho)

Academic Experience

1 Attendee, Mantova Architettura Annual Conference

- 9th Edition: Architecture On History
- 10th Edition: An Architecture without Archistars
- 11th Edition: Architecture of Doing: History, Memory & Contemporaneity
Engaged in discussions on the intersection of architecture and history, exploring diverse themes such as the role of non-star architects and the integration of memory in contemporary design.

2 Attendee, Eduardo Souto de Moura's Exhibition: "Architecture on History"

- Curated by Barbara Bogoni and Nuno Graça Moura
- Gained insights into Souto de Moura's architectural philosophy, focusing on the historical and cultural context of his works, through an expertly curated exhibition.

3 Participant, Architectural Design in Historical Context Studio

- Led by Barbara Bogoni, Eduardo Souto De Moura, and Elisio Machado
- Developed design proposals that harmonize contemporary architecture with historical settings, guided by esteemed architects and professors.

4 Guest, Salone di Milano 2023

- Invited by Infinity Surfaces, Italy
- Visited Euroluce 2023: "The City of Lights"Explored innovations in lighting design at Euroluce, with highlights including the Aurore arena by Formafantasma and themed exhibitions like "Constellations" curated by Beppe Finessi, which offered immersive experiences and industry insights.

5 Guest, Salone del Mobile 2024 (62nd Edition)

- Invited by Infinity Surfaces, Italy
- Theme: "Materia Natura" Explored the intersection of materials and nature, with a focus on sustainability in design. The event emphasized innovative approaches to eco-friendly architecture and design practices.

Both visits were part of a scholarship program provided by Infinity Surfaces, Italy.
